___

Justification for each proposed revision (attach additional sheets if necessary):

The content of EE203 is not required for EE205 directly. In the past both courses were offered during the same quarter (spring) and consent of instructor option was used for students’ enrolment. Therefore, department decided to update the prerequisite for EE205 to EE133 or EE138. These courses provide more fundamental solid state knowledge that is needed for EE205.
